## CAUSES ANXIETY AT WASHINGTON

Imminent Danger of Another Battle on Boundary.

### FEDERALS NEAR AGUA PRIETA

Advancing on Recently Taken Town With Evident Intention of Attacking and Recapturing It if Possible. Dr. Gomez Communicates With Rebel Forces Moving on Juarez.

Washington, April 17.—Anxiety over developments in Mexico endangering lives and property of Americans near the boundary line is plainly evident in official circles here.

President Taft received bulletins at the White House from the war department regarding the advance of the federals upon the insurgent forces at Agua Prieta.

Dr. Vasquez Gomez was in constant communication with the insurgent junta at El Paso, Tex., who transmitted to him messages from the insurgent army advancing on Juarez. Mindful of incidents of last week around Agua Prieta, Dr. Gomez telephoned a message of warning to his constituents to avoid injury to American lives or property. He was advised that the insurgents had mobilized practically their entire army in Chihuahua, under Francisco I. Madero, Jr., to within striking distance of Juarez.

The message that Dr. Gomez sent to the insurgent forces in a manner still unexplained here prevented the attack on Juarez. He attached much importance to the pause of the insurgents and other Mexicans drew much hope from the occurrence. Dr. Gomez, however, was unable to say whether it was caused by his long message of last Tuesday, addressed to Francisco I. Madero, Jr., and explaining conditions under which peace could be arranged, or his message advising the insurgent forces to defer their attack pending the receipt of certain messages from Mexico City.

Dr. Gomez was said to be arranging for an armistice to take effect immediately by which peace negotiations might be instituted near Juarez.

### RED CROSS SOCIETY TO HELP

Douglas Ariz., Branch Gets Funds to Relieve Suffering.

Washington, April 17.—Prompt action was taken by the American National Red Cross society on appeals for financial and medical assistance to relieve the soldiers wounded in the battle between the insurgents and Mexican federal troops near Agua Prieta last Thursday.

Following a conference held in the White House participated in by President Taft, as president of the Red Cross, Miss Mabel Boardman of the society's executive committee and Charles L. Magee, secretary of the National Red Cross, the president of the Douglas, Ariz., chapter of the society was informed by telegram to draw upon the society's fund for \$2,500.

A dispatch from Douglas stated that there was a large number of wounded men at Agua Prieta and some at Douglas and these required prompt medical attention.

### FORTY INSURRECTOS SLAIN

One Hundred Reported Wounded in Battle Near Chihuahua.

Chihuahua, Mex., April 17.—Forty or more insurgents were killed and more than 100 were wounded in a battle fought between Saenz and Santa Clara canyon, about fifty miles north of here, according to federal couriers who arrived here. The couriers brought orders to have hospital cots ready for the federal wounded. The federals report five killed, but later developments may change the figures. A number of women and children are believed to be among the killed.

### REBELLION AT DELAGOA BAY

Dispatch Declares Anarchy Reigns in Portuguese Colony.

London, April 17.—A Cape Town dispatch says that the British protected cruiser Forte has been ordered to Delagoa bay.

According to the Johannesburg Express anarchy reigns at Delagoa Bay, owing to the fact that many officials and residents of this Portuguese East African territory remain loyal to the deposed monarchy.

The revolutionists demand the deposition of the governor of Mozambique and the expulsion of these loyalists.

### RESULTS ON THE DIAMOND

National League.  
Pittsburg 4, Chicago 1.  
St. Louis 5, Cincinnati 2.

DAVID JAYNE HILL.

May Succeed Woodrow Wilson as President of Princeton.

### HILL MAY SUCCEED WILSON

Ambassador to Germany Mentioned for Princeton President.

New York, April 17.—Dr. David Jayne Hill, whose resignation as ambassador to Germany was handed to President Taft Friday to take effect July 1 next, is being considered by the trustees of Princeton university for the presidency of the university, recently made vacant by the election of Dr. Woodrow Wilson, now governor of New Jersey.

### BREAKERS THREATEN MAJORITY MACHINE

Strong Opposition Develops to Farmers' Free List.

Washington, April 17.—So far in the extraordinary session of congress it has been plain sailing for the well-organized Democratic majority in the house of representatives, but, in the view of a strong and healthy minority, there are breakers ahead.

Democratic leaders refer with pride to the achievement of passing the bill for the popular election of United States senators and the campaign publicity bill in two legislative days, and to bringing before the house the Canadian reciprocity agreement with assurances of its ratification by an overwhelming majority by the middle of this week. To all these features of the legislative program, however, there has been little opposition. But in what is to follow—the free list bill approved by the Democratic caucus and favorably reported by the new committee on ways and means—rapid pace of the smoothly running Democratic machine is expected to receive a sudden check.

Reciprocity discussion, begun Saturday, furnished an opportunity for the minority leaders to flash a signal of their intentions and to make it clear that the bill placing on the free list manufactured articles in demand by the farmers of the country will be fought stubbornly.

### FIFTEEN FIREMEN INJURED

Business Man Drops Dead on Hearing of Fire.

St. Paul, April 17.—Fifteen firemen were hurt, and all narrowly escaped death; \$120,000 in damage was done. One man lost his life and the entire wholesale district of St. Paul was threatened with destruction in a fire which destroyed the four-story building occupied by the National Novelty company, spread to the wholesale clothing store of A. Skorish & Son, and partially consumed the store of E. A. Young & Co.

Alfred Skorish, aged sixty-seven, senior partner in the firm of Skorish & Son, whose plant was totally destroyed, dropped dead in the street on his way down town when he was told his store was burning.

### WILL DESERT STEEL TRUST

Another Magnate Scheduled to Drop Out of Corporation.

New York, April 17.—Notwithstanding denials to the contrary the United States Steel corporation is going to lose another one of its "Carnegie boys." A. C. Dinkey, president of the Carnegie Steel company, the principal subsidiary of the steel corporation, has decided definitely to quit on July 1.

### ROOSEVELT COMPLETES TOUR

Former President, Leaving for Oyster Bay, Says He Feels "Bully."

New York, April 17.—Former President Roosevelt returned home from a seven weeks' tour of the West and Middle West. As he stepped off a train from Chicago to take an automobile for Oyster Bay he came in contact with a crowd of outgoing Easter visitors, who set up a cheer.

Colonel Roosevelt's face was tanned by the Western suns and he said he felt "bully." He refused to discuss the reciprocity proposition, prosperity in the West or his own plans.

## PEOPLE JUDGE BY LEGISLATION

Cry of Unfair Dealing Does Not Control Votes.

### MINORITY GETS CONCESSION.

It Has No Real Rights, and Majority Could Take Entire Control of Committees—Senatorial Courtesy Covers Many Points, But It Ends When It Begins to Cost Senators Anything.

By ARTHUR W. DUNN.

Washington, April 17.—[Special.]—Criticism of the new house rules by the Republicans and the claim of unfair dealing in the proportion of allotments to the two parties in the house committees do very well for a starter in the way of a Republican program, but they will not make much political capital. Those are not features which sway political feeling and elect or reject a party.

The main thing about a congress is that the party in power is held responsible for the legislation and the people vote on that legislation rather than by the methods which brought it about. No doubt there is unfair division in the makeup of the committees, but the majority party has the power, and it could have assigned its members to all the places if it so desired.

It is a concession to the minority that it is allowed representation on committees. It has so long been a custom, however, that it has become a right.

Harks Back to Cannonism. Of course it will be said that the rules, the appointment of committees and "Cannonism" in general were largely responsible for the defeat of the Republicans last year. While these may have been a contributing element, it must be remembered that the Republicans who went home and told their people that they could not get this or that in the way of an appropriation or that they were compelled to vote for this or that bill they did not want, because of Cannon and the rules, were really making excuses.

But after eight years of that kind of talk, after making Uncle Joe "the goat" for all their failures, they finally convinced the people that there was something wrong with the old man; hence the unpopularity of Cannon.

Comes From Under Cover. Society has come from under the cover of Lent and is reveling in Easter social festivities. As a matter of fact there has not been any real cessation of gaiety among the smart set. There have not been so many large entertainments, such as balls and receptions, but there have been more dinners, more quiet parties and more really enjoyable affairs than before.

Mrs. Taft has given a number of musicales during the Lenten season, while the members of the diplomatic corps have given as many dinners as in the social season.

Where Senatorial Courtesy Ends. It is entirely courteous to allow a senator to get an extra bit of patronage for a deserving henchman, to pass a public building bill, to stuff an appropriation bill full of little jobs—in fact, senatorial courtesy carried to its limit permits every senator to have everything he wants as long as it doesn't cost another senator anything.

That is why senatorial courtesy breaks off when it comes to making committee assignments. Then the human nature of the men who compose the senate comes to the front. Every man grabs everything he can get and is neither modest nor courteous in the matter. We even hear the term "hogishness" used in connection with the committee assignments.

When a man with what the house would call five good committee places reaches out for another of the best committee even senators begin to apply strong language to the situation.

Eased Reed's Mind. Way back in the fifty-first congress of wonderful memory there was a tendency toward insubordination at times, and as the Republicans started in with only eight majority it would not have taken many desertions to have defeated them. One day when Speaker Reed was putting through something that made many Republicans squirm and flinch Anderson of Kansas, who would be an insurgent if he were in congress now, rushed down to the desk, shaking his fist, and exclaimed:

"Mr. Speaker, this is an outrage you are putting through—an outrage, sir—but we have got to follow you."

"I felt easier after I heard his last remark," drawled Reed in telling the story.

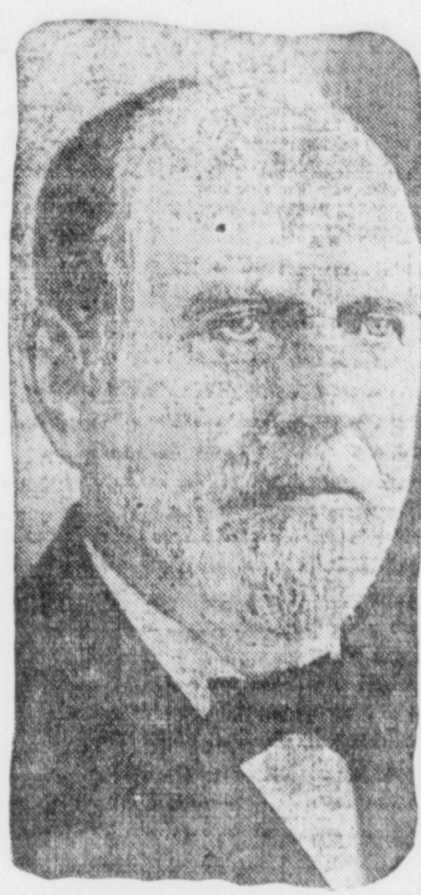

Another Crane Partner. "Blessed be the peace-makers," and everybody will say amen. Now comes Secretary Hill, who is to patch up a peace between President Taft and former Senator Foraker. "If anybody kin, he kin," is the judgment of those who know Hill. We know that Senator Murray Crane failed in that wonderful undertaking, and Murray is a peace-maker from Peaceville. Crane and former Secretary Norton were partners in a peace game, trying to fix things up with the insurgents.

Perhaps there will now be a new firm with Secretary Hill as the junior partner. If any two men can arrange peace terms between the president and the former Ohio senator they will deserve the Nobel prize.

The Crab. A crab seized while feeding by a greater and stronger will continue its meal while being itself devoured.

W. T. STEAD.

London Editor Favors Anglo-American Arbitration Treaty.

### BLAMES CHURCH FOR APATHY

W. T. Stead Speaks for Anglo-American Arbitration Treaty.

London, April 17.—At a meeting in the Whitefields tabernacle in favor of the Anglo-American arbitration treaty W. T. Stead complained strongly of the apathy of the archbishop of Canterbury and the Anglican church toward the peace movement.

The meeting resolved to send an appeal to the leaders of the church to assist in forwarding the lord mayor's project to form a committee representing all the religious churches and denominations in support of the government's efforts to secure the treaty.

## POSTAL SAVINGS BANK STATISTICS

Postmaster General Gives Interesting Official Figures.

Washington, April 17.—Statistics bearing on the operation of the postal savings banks in Bemidji, Minn., and the other cities in which the system is in operation were made public by Postmaster General Hitchcock.

This is the second statement on the subject made public since postal savings banks were introduced. Feb. 28, \$138,869 was on deposit in these institutions as compared with \$201,961 March 31. The number of depositors has increased from 3,664 to 4,397 and the average balance has jumped from \$36.54 to \$46.89.

March 31 the deposits at Bemidji were \$897. The average amount of balance in the Minnesota city was \$24.24. The figures for other postal bank cities in the Northwest are as follows:

Deadwood, S. D., accounts, 27, amount \$1,193, average balance \$44.19; Wahpeton, N. D., accounts 13, amount \$367, average balance \$28.23; Manitowoc, Wis., accounts 189, amount \$4,404, average \$23.30; Decorah, Ia., accounts 19, amount \$722, average balance \$38; Anacosta, Mont., accounts 284, amount \$20,985, average balance \$73.57.

Patronage has been better in the West than in the East. There have been deposited in the twenty-two offices west of the Mississippi river \$148,699, as compared with \$75,565 received in the twenty-six offices east of the Mississippi.

Mr. Hitchcock proposes to have 148,699 offices ready for business by May 1 forty-five additional offices.

### NEWSPAPER MEN GIVEN PAY

State Settles Bills for Publishing of Constitutional Amendments.

St. Paul, April 17.—Members of the state auditor's staff worked overtime getting out some of the checks for the newspapers of the state for payment of the publication of the constitutional amendments last fall. The governor signed the three bills granting the pay and several newspaper publishers from out of the city were on hand to get their money.

Statewide primaries may become the general practice in Minnesota, as the house passed the senate bill by a vote of 92 to 17. This was not done, however, until the measure had been amended by providing for a state convention after the primaries to draft a platform and name the state central committee. Thus amended the bill will go back to the senate.

### STEEL SPILLS ON WORKMEN

Six Killed and Others Injured When Molten Metal Upsets.

Philadelphia, April 17.—Six workmen were killed, one was fatally injured and twelve others seriously hurt at the Midvale steel works at Wayne Junction when a huge container filled with molten steel gave way, the fiery fluid pouring or splashing over more than a score of the employees.

## REVISION OF WOOL SCHEDULE

### BANK DEPOSITS INCREASE

South Dakota Institutions in Splendid Condition.

Pierre, S. D., April 17.—With a population of less than 600,000 the people of South Dakota are carrying in the 525 state and 101 national banks in the state more than \$80,000,000. Of this more than \$37,000,000 is in deposits subject to check and is used in the daily business transactions of the people. The rest is in the form of savings deposits, time and demand certificates. The state banks on March 7 were carrying \$49,863,108.54 in the various accounts listed above and the checking and savings accounts showed increases of about \$2,000,000 in the two months since the previous call of Jan. 7, and the time certificates showed a net gain of \$1,500,000 in that time.

The national banks on March 7 carried \$30,393,558.91 in all the above funds, a gain of about \$1,500,000 from the date of the call in January.

### WOULD KILL CRIME IMPULSE

Operation Performed on Girl to Cure Her of Tendency to Steal.

Oakland, Cal., April 17.—Criminologists are watching with keen interest the case of Mrs. Jane Thurnherr, the cowgirl burglar and thief, who was arrested here charged with stealing a horse, and some watches from a jewelry store.

Mrs. Thurnherr was operated on at a local hospital to remove a portion of the skull and try to effect a cure of her criminal tendencies.

In her twenty-two years of life she has had many strange experiences. When she learned that her foster parents were not blood relations she adopted in succession the lives of a bellboy, vaquero, hobo, clerk and others. She broke in horses in Arizona and attended bar in San Francisco. The physicians who attend her are satisfied the operation will remove forever the desire to steal.

### NEWS IN SUNDAY'S PAPERS

That he will not be a candidate for the Republican nomination for the presidency in 1912, that under certain conditions he might be in 1916 and that he is personally opposed to becoming a candidate are the conclusions at which Theodore Roosevelt has arrived as the result of his tour of the South and of the Pacific coast.

Debate on reciprocity bill is opened in house. Kitchen of North Carolina for Democrats gloats over the attitude of administration.

Senator Elect Kenyon of Iowa declares for jail sentences as punishment for violators of Sherman anti-trust law.

Washington orders regiment of cavalry to Arizona to protect Americans on Mexican border.

Pulp and news print paper report of federal tariff board to go before congress in two weeks.

Details of coronation of British sovereigns are worked out on medieval scale.

### Will Inspect Canal Route.

Pittsburg, April 17.—The national waterways commission has arrived here and for the next three days will inspect the route of the proposed Lake Erie and Ohio river ship canal and the work of the Pittsburg flood commission. In the party are Senators Burton, Gallinger, Smith and Lorimer and Representatives Stevens, Moon, Wanser, Sparkman and Alexander.

### GRAIN AND PROVISION PRICES

Minneapolis Wheat.

Minneapolis, April 15.—Wheat—May, 97½c; July, 98½c; Sept., 99½c. On track—\$1.01½; No. 1 Northern, \$1.00@1.01; No. 2 Northern, 97@99c; No. 3 Northern, 94@97½c.

### Duluth Wheat and Flax.

Duluth, April 15.—Wheat—To arrive on track—No. 1 hard, \$1.00; No. 1 Northern, 99c; No. 2 Northern, 96@97c; May, 98c; July, 98½c. Flax—On track and to arrive, \$2.57; May, \$2.56.

### St. Paul Live Stock.

St. Paul, April 15.—Cattle—Good to choice steers, \$5.50@6.10; fair to good, \$5.00@5.50; good to choice cows and heifers, \$4.50@5.25; veals, \$4.50@6.00; Hogs—\$6.00@6.30. Sheep—Wethers, \$4.25@4.65; yearlings, \$4.25@5.00; spring lambs, \$5.00@6.00.

### Chicago Grain and Provisions.

Chicago, April 15.—Wheat—May, 91½c; July, 87¼@87¾c; Sept., 87½@87c. Corn—May, 49½@50c; Sept., 50½c; Sept., 51½@52c. Oats—May, 32¼c; July, 32¼c; Sept., 32½c. Potatoes—May, \$15.72; July, \$15.25. Butter—Creameries, 15@21c; dairies, 14@13½c. Eggs—13@15c. Poultry—Turkeys, 19c; chickens, 15c; springs, 15c.

### Chicago Live Stock.

Chicago, April 15.—Cattle—Beeves, \$5.20@6.75; Texas steers, \$4.50@5.70; Western steers, \$4.85@5.80; stockers and feeders, \$4.10@5.80; cows and heifers, \$2.70@5.85; calves, \$5.00@7.00. Hogs—Light, \$6.25@6.65; mixed, \$6.10@6.55; heavy, \$5.85@6.40; rough, \$5.85@6.05; good to choice heavy, \$6.05@6.40; pigs, \$6.25@6.55. Sheep—Native, \$3.00@4.70; yearlings, \$4.40@5.40; lambs, \$4.75@6.15.

### Democrats Will Report Tariff Bill in Near Future.

### TAFT PRINCIPAL WITNESS

Majority Intends to Use President's Statement That Wool Figures Are Indefensible—Republican Leaders Are Concerned Over the Plan and Intend to Oppose Revision of Schedule K Vigorously.

Washington, April 17.—A radical revision of schedule K of the Payne-Aldrich tariff law, better known as the wool schedule, which was condemned by President Taft as "indefensible," will be proposed in a bill to be reported this week or early next week by the Democratic committee on ways and means.

The contemplated attack of the Democratic leaders on the wool schedule has stirred up more or less excitement in Washington. Republican leaders particularly are concerned over it. Democrats from wool growing states also view with alarm the proposal that the woolen rates shall be cut to the bone in some states and in others wiped out altogether.

If present plans are carried out the wool bill will be brought into the house this week Tuesday of Wednesday when the Canadian agreement will be passed. Immediately thereafter the free list bill will be called up for consideration. The Democrats plan to report and pass the wool bill. Action may be delayed on this particular measure. The Democrats are anxious to turn their batteries on the executive departments, which have been under control of the Republican party since the days of Grover Cleveland.

Chairman Underwood and his Democratic associates on the ways and means committee, however, desire to pass on the wool schedule before consideration is given other questions. Up to date Chairman Underwood has had his way and the chances are that the wool bill will follow on the heels of the free list measure.

### Raw Wool on Free List.

While Democratic members of the committee on ways and means are disinclined to discuss their plans, it was learned that the bills to be reported will propose the transfer of raw wool to the free list. In addition it will authorize substantial reductions in the rates on wool manufactures.

In advocating a revision of the wool schedule the house Democrats will use the president as their principal witness. This is bound to stir up more or less trouble among the Republicans. There is a good deal of speculation here as to the probable length of the special session. Present indications are that getaway day will come sooner than was expected.

Republican leaders in the senate are of the opinion that that body will concur in the action of the house on Canadian reciprocity and the free list bill. These measures will be debated at some length, but that they will ultimately be passed is vouched for by potential Republican senate leaders, with no hope for the prospective Democratic legislation bearing on the wool and cotton schedules.

With the passage of the Canadian agreement and the free list bill the senate Republicans will serve notice on the Democrats that for the time they will give no further consideration to the tariff. The Democrats are advised of this state of affairs and they are satisfied.

### CAPTAIN DESERTED HIS SHIP

Probe Into Wreck of Iroquois Brings Out Damaging Evidence.

Victoria, B. C., April 17.—That Captain A. A. Sears of the steamer Iroquois, which was sunk with twenty-one passengers and crew last Monday, fled when he could have saved the lives of passengers and members of the crew, was the charge made by witnesses at the preliminary inquiry into the loss of the boat.

H. S. Moss, a passenger, swore that Captain Sears hurried away to shore in a lifeboat while passengers were clinging to the wreckage. Moss said that Sears could have saved himself and his life, who was drowned.

Captain Kitchendall, a former mate, testified that the steamer often had been dangerously overloaded.

### BLAMES CHRISTIAN SCIENCE

Milwaukee Medical Society to Investigate Cause of Scarlet Fever.

Milwaukee, April 17.—A committee to investigate the attitude of the Christian Scientists of Milwaukee toward contagious diseases will be appointed by the Medical society of Milwaukee county.

The action was taken following statements of physicians that there are fifty-three unquarantined cases of scarlet fever in the Eighteenth ward. It was charged that many children bearing evidences of the disease had been seen on the streets.

The doctor who offered the resolution said the Eighteenth ward is inhabited by a large number of Christian Scientists. It is the most aristocratic ward in the city.

Performance Lasts an Hour  
7:30 p.m. CONTINUOUS SHOW 10:30 p.m.  
ADMISSION 5c and 10c

The new board of directors, five  
for this year, elected at the Y. M. C.  
A. association meeting recently held  
includes Messrs. Gemmell, Dr. Nich-  
olson, Carmichael, Anton Gilbert-  
son and C. D. McKay.

Henry Squires, of 1707 Norwood  
street, has taken the agency of the  
Woodmen's Casualty Co. of Spring-  
field, Ill., providing sick and accident  
insurance. He reports securing six  
the first day he qualified as agent.

The Ladies Aid society of the Bap-  
tist church met Friday afternoon  
with Mrs. J. F. Vaughn. A large  
gathering was present and spent a  
very enjoyable afternoon. Mrs.  
Vaughn proved herself a most  
charming hostess.

Henry Rosko, of Rosko Brothers,  
went to Minneapolis today to bring

up under its own power the E. M. F.  
30 horse power automobile recently  
purchased by Dr. J. A. Thabes. The  
car is what is known as the foredoor  
pattern, is handsomely finished and  
a perfect beauty.

The Easter Monday dance of the  
Hope Hose Co., No. 2, will be held  
at Gardner's hall this evening. The  
City Band will furnish the music.  
The committee on arrangements has  
strained every nerve to make the  
event an unqualified success, socially  
and financially.

Oliver Swelland, the 14-year old  
son of Ole Swelland, of Route two,  
was taken to a local hospital last Sat-  
urday suffering with kidney trouble,  
who might live if properly cared for.  
To take care of these is the work of  
a visiting nurse, and surely it is a  
worthy charity. COM.

A. G. Shulind, the Cuyuna range  
building contractor, was in the city  
today attending to business matters.  
He has now associated with his  
brother, J. O. Shulind, formerly of  
Mahnomens, and the firm will be  
known as Shulind & Co. J. O. Shu-  
lind recently completed the state  
sanatorium addition at that institu-  
tion three miles south of Walker.

Mr. and Mrs. J. W. Stearns were  
pleasantly surprised by a number of  
their friends Saturday evening,  
April 15th. Four tables of "500"  
were played. Mrs. Milo Bedal won  
the ladies head prize, Victor Root  
the gentleman's prize, Mrs. W. H.  
Bolton the consolation and Anton  
Clause was the lucky one to act the  
booby prize. A delicious lunch was  
served and all had a jolly time.

## REAL COMFORT AND TRUEST STYLE

Copyright 1911  
The House of Kuppenheimer  
Chicago

THIS is the time of the year when the man who is not dressed  
for it, is miserable most of the time—the man who goes around  
with winter garments dragging him down when the whole  
world is breathing of spring.

The time to buy this season's garments is right now—when you get full  
measure of good and comfort out of them.

And the garments to buy, if you want rightness in every point and real  
economy are these splendid values we are offering direct from

## The House of Kuppenheimer

They are guaranteed pure virgin wool. That means unequalled wear and  
that indescribable quality-look that means so much in a garment. The  
styles are right—just far enough ahead to make them leaders. Made by  
master tailors.

We are hoping to see you now—early enough to get the full benefit of the comfort and style that belong to these  
seasonable clothes.

We are showing the snappiest lines of spring-time furnishings that you will find anywhere. The newest, choicest impor-  
tations in neckwear, beautiful shirt patterns, hosiery, underwear, etc.

Prices from \$15.00 to \$35.00.

Hats, Neckwear, Half Hose,  
and other Wearables for Men.

## GROUND TO DEATH UNDER CAR WHEELS

Wm. L. Gillespie, Aged 56, Killed  
Near Klondike Saturday Night  
or Sunday Morning

### PICKED UP BY A TRAIN CREW

Coroner Dean Gets Remains Sunday  
and Relatives Arrive in City  
This Noon

Ground to death under the car wheels of a Northern Pacific freight or passenger train either Saturday night or Sunday morning with no one to see the accident was the fate of William L. Gillespie, single, aged 56 years, who it is said, was on his way to Mr. and Mrs. Alex Rose, of Klondike station, with whom he has made his home for the last nine years.

A freight train crew composed of Conductor Theodore Harris, Engineer Keller, Fireman Williver, and Brakemen Davis and Jarboe found the mangled body 400 feet east of Klondike station on Sunday morning and picked it up and notified the section foreman at Deerwood, James McCarville in the hopes of ascertaining the identity of the man.

His two satchels were found in the ditch and a small sum of money on his person. Letters in the satchel subsequently showed he had relatives at Deerwood, Aitkin and other places.

Relatives arriving in the city today to claim the body said he had been working for Fred Blair at Shovel Lake and had been a handy man at the logging camp. He leaves a nephew, Nason Gillespie, of Aitkin, now residing in Deerwood and Percy Gillespie, a nephew of Oak Park, Stillwater, both of whom arrived in Brainerd this afternoon. The deceased leaves also a sister, Mrs. Kate Ingram, Canterbury, Canada; half brother, M. Havelock, of New Brunswick, Canada; sister, Mrs. Lydia Burgess and a sister-in-law, Mrs. Katherine Gillespie in Oak Park, Stillwater.

The coroner's verdict in the matter was that the deceased was accidentally killed by a train. The funeral will be held Tuesday afternoon at two o'clock from the undertaking parlors of Losey & Dean, the Rev. Charles Fox Davis officiating. Interment will be in Evergreen cemetery.

The body was frightfully mangled. Both legs were cut off, one at the knee and one at the hip. The head was split and exposed the brains. A gaping wound in the breast exposed the heart. The right hand was crushed and the shoulders and arms mangled.

Christ Johnson, a layman of the First Swedish Baptist church of Duluth over which Rev. Karl A. Lundin, of this city, presided in former years, was in the city Sunday and spoke to the members of the Bible class in the morning and to the Sunday school in the evening at the First Baptist church. He returned home to Duluth this afternoon.

### Mrs. Winslow's Soothing Syrup

Has been used for over SIXTY-FIVE YEARS by MILLIONS of MOTHERS for their CHILDREN WHILE TEething, with PERFECT SUCCESS. IT SOOTHES the CHILD, SOFTENS the GUMS, ALLAYS all PAIN; CURES WIND COLIC and is the best remedy for DIARRHOEA. Sold by Druggists in every part of the world. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. Twenty-five cents a bottle. Guaranteed under the Food and Drug Act, June 30th, 1906. Serial Number 1008.

AN OLD AND WELL TRIED REMEDY.

## MARRIED IN ALASKA

Miss Miriam Hansen, Daughter of  
Mrs. Carolina Hansen, is Wedded  
at Cordova

On the evening of March 28, 1911 Ben Delzelle, a well known business man of Ketchikan, Alaska, was quietly married to Miss Miriam Hansen, of Brainerd, Minn. at her mother's apartments in the Clayson building, at Cordova. The young couple will leave on the Steamer Bertha for the west and return to Ketchikan where they will make their future home.

Miss Miriam Hansen is the daughter of Mrs. Carolina Hansen, who formerly resided on Kingwood street. The many friends of the young couple wish them much happiness and prosperity in their abode in the mid-north sun territory of the United States. May their life in the arctic be one perpetual honeymoon.

Mrs. Carolina Hansen went to Alaska several years ago and has the distinction of being the farthest north subscriber of the Brainerd Dispatch.

## MEXICAN REBELS WIN BATTLE

Douglas, Ariz., April 17, 1911.

—What appears to be the most important engagement yet fought in Mexican revolution took place today at Agua Prieta when Federal force said to number eighteen hundred men attempted to recapture that town from insurgents and was repulsed with heavy loss after 4 hours continuous heavy fighting. Federal losses are described as very heavy while the insurgents being sheltered in intrenchments suffered comparatively little loss. Bullets rained over the town Douglas raking two school and the customs house and driving citizens to shelter. American Red Cross volunteers crossed the line immediately after the firing ceased to attend to the wounded.

### Pointers for the Motorist

Washing tires and washing a car are two different propositions. Water alone should be used to wash tires and as little of it as necessary. After every run the envelope should be wiped clean with a damp sponge or well-wrung cloth.

A common mistake made by motorists is to mix kerosene with the water. This may be advisable when washing the body of a car to remove mud and dust from the varnish, but it should never be done when washing tires because kerosene eats rubber. This fact can be readily proved by immersing a small piece of rubber in kerosene and allowing it to soak. The rubber will soon swell and lose its elasticity. The reason for this is apparent. Kerosene is rich in fatty properties which remain after the evaporation of the gases. Every time a tire is washed with a kerosene mixture the rubber is deprived of more of its strength.

When washing tires it is best to simply dampen a sponge with clean water, care being taken that the sponge is not soaked and dripping. Then, wipe the tires dry with a cloth or handful of waste.

## GIRLS GUIDES ARE ORGANIZED

Northeast Brainerd First in the Field  
With Girl's Patrol Resembling  
Boy Scouts

### SUPERVISION OF REV. HORNER

Four Boy Patrols go on a Hike Saturday Morning to Ahren's Hill North of City

And now the "Girl Guides" have been organized and Northeast Brainerd holds the credit for putting the first organization of this kind in the field. A number of the girl members of the Christian Endeavor society met in the Peoples Congregational church on Friday afternoon under the supervision of the pastor, Rev. W. J. Horner for the purpose of organizing the Girl Guides.

The meeting was called to order by the pastor. Miss Edna Norquist was appointed president, Miss Gladys Bedal vice president; Miss Cecil Mayo secretary, Miss Mabel Mudge treasurer.

The members of the band are the Misses Hazel Cameron, Hazel Woodin, Edith Card, Ivy Hall, Beulah Vitch, Vera Welch and Beatrice Osborn.

The girls will salute each other by a sign and they have a real Latin pass word. They have adopted colors appropriate to their name which is "For-get-me-not". They will devote part of their time to taking up some phase of nature study. The meeting was then adjourned to meet next Friday evening at the home of the president. One of the features of the work will be exchanging information gained from their study, all of which will be first hand, as well as to establish a more personal bond of sympathy. The way the girls have taken up this matter predicts that enough interest has been aroused and will be maintained to make it successful in every way.

Four patrols of the Boy Scouts of Northeast Brainerd went for a "hike" at 7:30 Saturday morning to the top of Ahren's hill about two miles north of the city. Twenty-seven members made the trip. A camp fire was built and lunch cooked after the early walk. A bar drill provided further recreation. The Scout Master gave a short address on first aid to the injured, and covered many practical subjects.

A resolution was unanimously adopted favoring the passage of the bill now before the legislature which provides for the annual expenditure of \$5,000 to aid the Boy Scout movement outside of the cities of St. Paul, Minneapolis and Duluth. The boys will meet again on Monday evening at 7:30.

The funeral of the late Mrs. Sanna Ritari, the wife of Israel Ritari, will be held on Tuesday afternoon at two o'clock from the residence, 1123 Northwood street and at three o'clock from the Finnish Lutheran church, 1402 Quince street. Burial will be in Evergreen cemetery. Rev. Besone, of Superior, Wis., will officiate at the funeral which promises to be largely attended as the kind old lady had many devoted friends and was well acquainted in Southeast Brainerd.

**PILES CURED IN 6 TO 14 DAYS**  
PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days or money refunded. 50c. mwf

## WHAT IS TAG DAY?

The Health Committee Explains  
What the Proceeds of Tag Day  
Will be Used For

The question has been asked what is Tag Day? and what will a visiting nurse do if we had one? Tag Day is simply a method of raising money for charity. It is popular because it gives every one an opportunity to contribute something and the amount can be much or little as he pleases. In St. Paul and Minneapolis Tag Day has become a yearly affair.

In St. Paul the money is devoted to tuberculosis, in Minneapolis to a visiting nurse—and in Brainerd it will go for a visiting nurse. In every place there are many sick people who are too poor to employ a trained nurse and no doubt many people die.

### NOTICE WOODMEN

The Woodmen clerk will be at A. K. Luken's grocery store pay day and Saturday nights to collect Woodmen assessments.

Henry Squires, Clerk M. W. A. 27113.

### LADIES MUSICAL CLUB

Closing Meeting For Season Held on  
Saturday Afternoon at  
Elks Hall

The closing meeting for the season of the Musical club, was held last Saturday afternoon, at Elks hall, when the following program was given:

Piano solo, "The Flying Dutchman" (Liszt's Transcription) Wagner  
Mrs. W. C. Cobb  
Songs—(a) "Romanza" Marchesi  
(b) "Prophetea" Marchesi  
Mrs. S. B. Christopher.  
Paper—"Music in South America" Miss Amy L. Lowey.  
Piano solo—"Polonaise" Seifert  
Miss Bertha Strickler.

(b) The Dawn, D'Hardelot  
Mrs. S. B. Christopher.  
Song—"A Song of Thanksgiving" Alliston  
Mr. Irving Badeaux.

### Notice to Woodmen

I have been elected assistant clerk of the Modern Woodmen and will be at Linnemann's clothing store pay day and Saturday nights to collect Woodmen assessments.

Henry E. Ousdahl, Ass't. Clerk  
Ass't. Cashier Citizens State Bank. 27113

### AITKEN MEN STRIKE IT RICH

Bullock Brothers Strike Ore While  
Drilling For Water Near  
Cuyuna Hospital

The Duluth News-Tribune under date of April 15th contains a mention of the finding of ore by Aitken men who were drilling for water. The article states: That ore is plentiful in this section was again demonstrated today when Bullock Bros., drillers and contractors of Aitkin, struck a rich body of ore while drilling for a well near the local hospital in the north part of town. The lands owned by T. R. Foley. It is stated that two more shafts will be sunk in the immediate vicinity of Cuyuna this spring and active mining operations begun.

### Card of Thanks

I desire to extend my sincerest thanks to the kind friends who so generously extended aid during my recent severe accident.

F. L. JENNISON,  
R. W. DRIVER.

### Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, O., by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation.

### WARDEN MAY BE REMOVED

Michigan Legislature Adopts Committee's Minority Report.

Lansing, Mich., April 15.—The house of representatives adopted the minority report of the Marquette prison investigation committee by a vote of 53 to 29. The report recommends the removal of Warden James Russell and the board of control of Marquette prison and the abolition of contract labor and corporal punishment. The adoption of the report, however, does not carry with it the enforcement of any of the recommendations. The removal of the warden and members of the board of control is a matter for the governor to decide and the other features are subjects for legislative action.

### Charcoal.

Wood yields one-fourth of the heat of coal; charcoal yields about the same heat as coal.

A good opening for a live energetic man to secure a position with an old established business. Guaranteed salary and commission with fine opportunities for advancement. If not satisfied with present salary address J. C. L., care Dispatch, stating age, occupation and whether married or single. 2693p

## Our Basement Window

25c Tan Hosiery, Childrens, Lace.....14c

Besides these there are bargains in gingham, laces and many other goods you are needing just now. Pay this section of the store a frequent visit.

**"MICHAEL'S"**

### MUSIC AND DRAMA

#### "Isle of Spice"

B. C. Whitney's "Isle of Spice," the musical production which comes to the Brainerd opera house on May 1st is different from most productions having a musical setting for its foundation, inasmuch as it has a plot and relates a beautiful love story. The tale is one pertaining to a tropical isle, and is away from the beaten path usually employed in musical offerings. The "Isle of Spice" is ruled by an amorous and money-seeking king by the name of Bompoka, with an unsatisfied desire to play poker, while the romance is taken up by his niece, Teresa, who is in love with an American naval officer. The young maiden, the king and the entire island are finally captured by Lieut. Katchall, and an interesting comical musical story ends satisfactorily.

#### "The Third Degree"

Charles Klein, the author of "The Lion and the Mouse," is responsible for "Third Degree," his latest play, which comes to the Brainerd opera house on April 29th, under the management of the United Play Co., which also produced Mr. Klein's former success. Prominent in the cast are Sarah Padden, Ralph Ramsey, H. H. Forsman, Raymond Wells, Arda La Croix, Harry Farnham, Grace Lord, Joseph Garry, Florence Pendleton and others.

The scenes are laid in New York. The characters are prominent in the predominant social set. One of its members has been found dead, and the police, in order to refute the general charge of their inefficiency, fasten the guilt on an innocent man, and though they discover they are in error, refuse to admit it and bend every effort to fasten the guilt on the unfortunate creature they have under arrest. The methods employed by the police are clearly shown in a way most interesting and original. For the first time in the history of the stage, in "The Third Degree" will be portrayed the methods of the police department, which in many instances have rivalled the inquisition for barbarity and cruelty.

Mr. Klein has handled the subject deftly and adroitly in a most convincing manner and as a result even the record of "The Lion and the Mouse" has been shattered.

### REAL ESTATE TRANSFERS

April 13.

**Step in a Volcano**

The Volcano is distinctly a young man's model. It's making a great hit and if you take notice of the best dressed young men about town you'll notice many of them are already wearing our new Volcano.

The Volcano is the very latest model—it has a high arch and a high heel and a very distinctive toe. Stylish? Decidedly yes—and then some. It's a splendid fitter—we show it in a variety of patterns. Come in and look them over.

**H. W. LINNEMANN**  
Good Shoes for Men and Boys

**Control Weather by Electricity.**  
In a recent lecture before the British Institute of Electrical Engineers, Signor Ferranti said that the weather of the island of Great Britain could be controlled by means of electricity. The entire island would have to be girded with an electrical "defense" capable of warding off the vapors of the sea and preventing them from precipitation of the land. The sunlight hours could thus be increased as desired.

#### THE DOCTOR'S QUESTION.

**Much Sickness Due to Bowel Disorders.**  
A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 percent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Resall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Resall Orderlies are eaten like candy, they act quietly, and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effect. They are especially good for children, weak persons or old folks. Two sizes, 25c. and 10c. Sold only at our store—The Rexall Store.

—Johnson's Pharmacy.

#### WANT BEER AT CORNELL.

**Era Says Seniors Ought to Be Trusted to Keep Sober.**

The Cornell Era registers a protest against dry senior banquets and urges the committee in charge of the last celebration of the senior class to provide enough beer to go around several times. The article says:

"One hopes that the committee in charge may avoid the mistake of last year, when the banquet so closely resembled the social gathering of the W. C. T. U. It is indeed a sad commentary on the self control of the members of the senior class when they are not trusted to keep sober for an evening unless prevented from getting something to drink."

"Include beer in the menu. Not as much as each man can drink, but enough to go around several times. We would like to see a successful senior banquet and not one attended by a very small percentage of the members of the class, as was the case when the banquet was dry last year."

The Era admits that in the old days there was need for reform, but says that the percentage of students who now drink with regularity is so small as to be almost negligible.

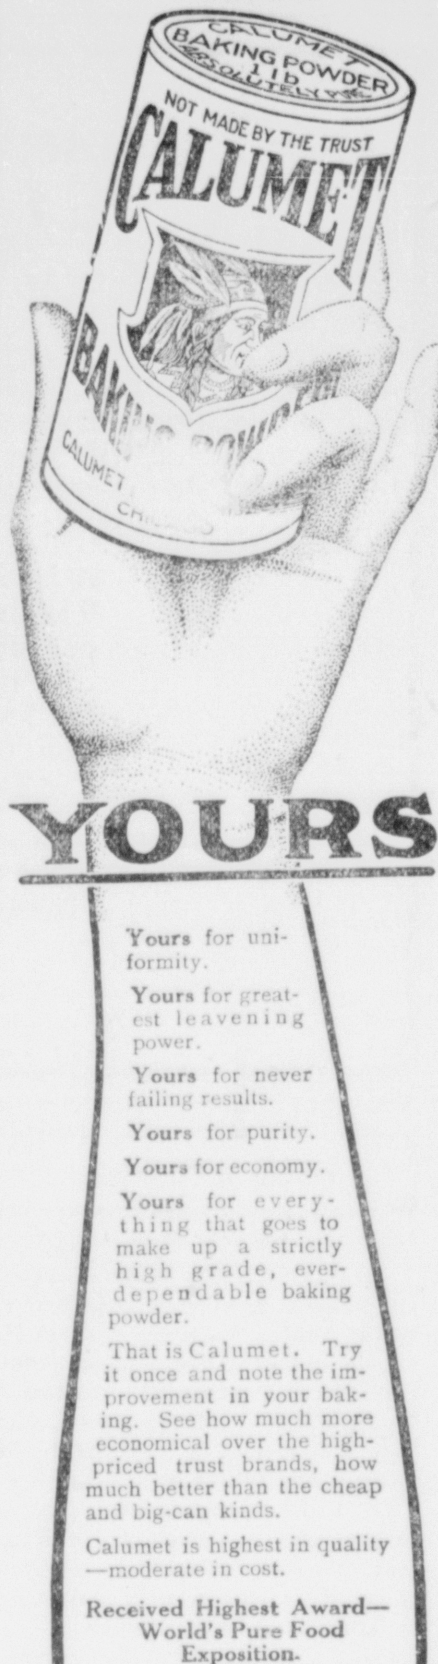

Not as Bad as That.

"Is your master in a somnolent condition?"

"No, sir, he was pretty violent, but now he's asleep."—Baltimore American.

He Knew.

Casey—Phew! Kind as a horse is a cob? Mulligan—It's wan that's been raised intirely on corn, ye ignoramus. —Boston Transcript.

**YOURS**

Yours for uniformity.  
Yours for greatest leavening power.  
Yours for never failing results.  
Yours for purity.  
Yours for economy.  
Yours for everything that goes to make up a strictly high grade, ever-dependable baking powder.

That is Calumet. Try it once and note the improvement in your baking. See how much more economical over the high-priced trust brands, how much better than the cheap and big-can kinds.

Calumet is highest in quality—moderate in cost.

Received Highest Award—World's Pure Food Exposition.

#### The Bull of Phalaris.

Perillus of Athens is said by the ancient authorities to have invented for Phalaris, tyrant of Agrigento, B. C. 570, a brazen bull which opened on the side to admit victims who were to be roasted to death by the fire which was built underneath. The dying groans of the sufferers closely resembled the "roaring of a maddened bull," hence the name that was given to the invention. It is refreshing to know that later on the populace rose against Phalaris and burned the tyrant in the bull that he had made to be the cause of death to so many others.—New York American.

#### A Roundabout River.

The Kentucky river at Jackson is a freak. It runs for five miles or more to advance sixty feet. The circuit of the water forms what is known as the "panhandle." Standing on the back-bone you can flip a stone into the river on the north side and one into the river on the south side, five miles below. You are on the north side of the river and on the south side of the river and going up the river and down the river at the same time.—Winchester News.

#### Her Status.

"Are you a friend of the groom's family?" asked the usher at the church wedding.

"I think not," replied the lady addressed, "I'm the mother of the bride."—Yonkers Statesman.

#### LOCAL NEWS NOTES

(Continued from page 2)

Applications for liquor licenses have been filed by Charles F. Beugnot, 424 Front street; Charles Elledge, 508 Front street; E. D. Dunn, 614 Laurel street; all to be heard by the council on May first. The first two have never applied before for licenses.

The county commissioners have advertised for bids to be let at two o'clock in the afternoon of May 2nd for improving and grading state highway, No. 3, from station No. 674 to No. 683, including a reinforced concrete bridge across Mission creek which shall be 16 feet in length and piers 11 feet in height, the 900 feet of grading aggregating 2284 cubic yards and the whole work being located about 8 miles northeast of Merrifield.

The debate which was to have occurred April 12th at the high school, will take place tomorrow. The question which is one of paramount interest to Americans today and for the settlement of which the special session of congress has been called is reciprocity with Canada. The speakers are: Caroline Barron, George Berggreen and Werner Lund for the affirmative, Benjamin Weber, Ethel Angel and Earl Entrikey for the negative. Mr. Bohannon, president of the Duluth Normal will be present to act as one of the judges.

Sunday was an ideal Easter day, clear, warm and balmy and the churches were crowded with worshippers. The walks in the afternoon were thronged with ladies wearing the latest Easter creations. Livery men did a good business and every carriage was out of the barns. Every automobile in Brainerd was impressed into service. Many people dined at the hotels and thus let mother have a real holiday and escape the work of making or superintending a Sunday dinner. Out of town people and students spent their holiday in Brainerd and local residents, in turn, went to outside points, increasing receipts at the local ticket office window.

FOR RENT—Steam heated flat suitable for boarding or rooming house. L. J. Cale. 2711f

FOR RENT—Palace hotel, furnished, after June first. Apply to J. S. Gardner, 416 South Sixth. 27116p

#### FOR SALE

FOR SALE—Confectionery store. Good business. Fine location. Enquire 624 Laurel St. 2661f

#### ENGINEERING

F. A. GLASS—Mining Engineer and Surveyor. Direction of Explorations, surveys, plans, estimates reports.

## PEEVISH

children are sick children. Don't be cross and slap or scold them. Give them *Kickapoo Worm Killer* (it tastes like candy) and see how quickly they change to happy, good-natured children that play all day, sleep well at night, and look rugged and well nourished. Price, 25c., sold by druggists everywhere.

## CORPS OF ROGUES

French Foreign Legion a Unique Military Body.

#### CRIMINALS FILL ITS RANKS.

It Gathers Recruits From the Social Outcasts of All Grades of All Other Countries—Iron Discipline and Brutal Punishments.

The French Foreign Legion is unique. There is no other military organization like it on earth. It was first raised in 1831 for service in the then newly conquered colony of Algeria. The officers are French officers, of course, but the ranks are made up of outcasts of all social ranks of all other countries. It is understood that recruits are simply seeking refuge from the arm of the civil law. The corps has done excellent work against the Arabs and is always placed in the forefront of the fight.

The Foreign Legion exists but to march. To this one end its whole training is devoted. To fall out on the march is the one unpardonable sin in a legionnaire. The system of marches is brutal. No matter what the distance, it has to be completed in one stage. Forty miles, fifty, sixty—no matter—it is done straight off the reel, with, of course, brief halts for rest. But there is no general halt until the whole distance is completed.

If a legionnaire faints on the march he is tied to a baggage cart which rolls on. He then either has to march or he is dragged along. "Seeing this done for the first time, I thought it brutal, but later I learned to understand the reason for it," said one who had served in its ranks.

The legionnaire who struggles in the desert is lost. Hundreds of men have died a dreadful death in this way. The Arab women pounce upon them, lying helpless in the sand, and, with shrieks of fiendish delight, proceed to torture and mutilate them before killing them outright.

A legionnaire's pay is only a half-penny a day. True, wine in Algeria costs only a penny a quart, and tobacco three pence to fourpence a pound. But—a halfpenny a day!

His rations, too, are of the scantiest. Two meals a day only are served—breakfast at 10 o'clock in the morning and supper at 4 in the afternoon. Each meal is exactly alike, consisting of a thick soup made up of meat and vegetables, with bread, and every other day a small quantity of wine.

The discipline is ruthless in its severity; the punishments are cruel in the extreme. For grave offenses, like desertion, insubordination or striking a superior officer, death is frequently inflicted, or, failing that, the offender is sent to serve in the penal battalion on the edge of the Sahara desert. This nearly always means a slow and painful death in place of a quick and comparatively painless one.

Minor offenses are punished with from twenty to a hundred days in prison or with "cellule," which is solitary confinement in the dark plus starvation. I have seen strong, robust men so reduced after doing thirty days cellule that they have hardly been able to stand, yet they had to resume their ordinary duties nevertheless.

Not long since two other dreadful forms of punishment were in vogue—the "silo" and the "crapaudine." The silo was just a deep hole in the ground shaped like a funnel, into which the victim was cast. He was given no blanket or other protection from the weather.

The sun beat upon him by day; the cold night mists penetrated to the marrow of his bones. He could not lie down, for the bottom of the silo sloped to a point. He just crouched, a huddled heap, until not infrequently death mercifully relieved him from his sufferings.

The crapaudine consisted in trussing a man as a fowl is trussed, his hands and feet being tied together on his back in such a manner that they formed a sort of semicircle.

This resulted in such frightful cramps that the pain sometimes drove men mad. Both the silo and the crapaudine, however, have now been abolished. But in the field and on the march an offender is still punished by being "spreadeagled" and bound to four stakes driven into the ground.

To escape from these tortures men mutilate themselves, usually by cutting off one or more fingers, or they will purposely make themselves ill. One favorite trick is to take a drink from the sewers under the Arab prison. This loathsome draft almost invariably brings on an attack of typhoid of a peculiarly malignant type.

Others, more enterprising, try to desert, but they rarely succeed. Most by they meet with dreadful deaths at the hands of the wild Arabs of the desert. The only class of recruits who are treated with special favor are those who have previously been officers in some other army. These are usually made corporals on enlistment and afterward sergeants. But even under the most favorable conditions life in the legion is the life of a dog.

In Its Due Order.

Dr. Thirdly was dividing up his sermon into its appropriate heads one Sunday morning, when a member of the congregation shouted frantically: "Meat, man! Give us meat!" "Well, then, Dr. Thirdly promptly, 'hold on, said, till I'm done carving.' —New York Tribune.

Nothing can be truly great which is not right.—Johnson.

#### YOU HAD BETTER

## Begin to Think About Your Garden

We have a fine line of RICES GARDEN SEEDS and take the liberty to impress upon you at this time the fact that these seeds will give the best satisfaction and will positively grow.

We can also satisfy your wants in the line of GARDEN TOOLS such as hoes, rakes, spades forks etc.

When you need any of these things, drop in and let us show you what we have.

## Brainerd Steam Laundry

HARRY B. JOHNSON, Proprietor

Formerly Hutchins Laundry Co.

Your clothes will live longer if you bring them to us.

We exercise the greatest care.

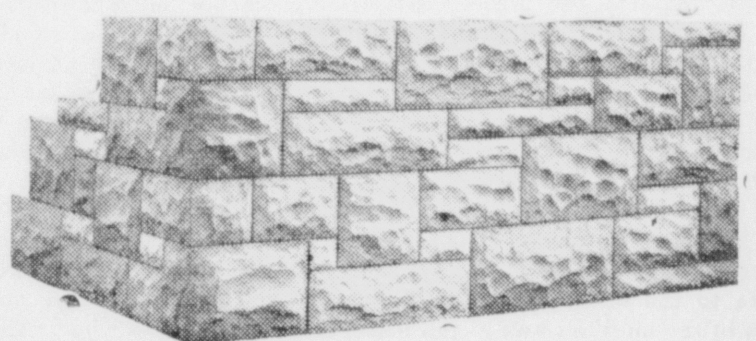

No frayed collars or torn shirt waists turned out by this laundry.

Every article as well as the most fragile fabric receives our special attention.

We take pride in our work and we want the people of Brainerd to patronize this laundry.

## Brainerd Steam Laundry

710 Laurel Street

You can now build of concrete block and get the effect and pleasing appearance of the finest stone masonry.

We have purchased a Hobbs Ideal and an Anchor Block Machine equipped with the new composition Face Plates. These plates are a cast direct from natural stone and produce a block with a rock fact that has the grain, the sharp lines and the beauty of natural stone.

By using fifteen different sizes of these natural looking blocks and laying them up in the real Scotch Broken Ashlar we can get an effect that will surprise and please you.

When you see this work the slight extra cost is forgotten for the increase in value of your building and the feeling of pride and satisfaction you will derive will more than satisfy you.

With our new machines we are not only able to produce finer appearing blocks than has ever before been possible but we can make hundreds of different sizes to fill any demand.

We can make our blocks very wet so that they will be waterproof and make them so strong that a pressure of 100 tons will not crack them. Every reasonable objection to concrete block is thus overcome and we cordially invite you to visit our plant and investigate.

Remember that concrete blocks costs no more than first class lumber construction and it requires no painting, no insurance, costs less to heat in the winter and is cooler in the summer.

If you are planning to build allow us to give you an estimate. It will be a pleasure.

NOW IS THE TIME to see us about building cement walks and curbing. As city cement contractors we have done much of this work and guarantee every bit of it.

Phone, write or see us about prices and estimates. We shall be pleased to figure on any kind of a job, large or small.
